

Figure 1 consists of two horizontal bar charts. The top chart is for 'Strongly agree' and the bottom chart is for 'Disagree'. Each chart has two bars: a light gray bar for 'Total' and a dark gray bar for 'Nonusers'. The x-axis represents the percentage of respondents, ranging from 0 to 100.

| Level of Agreement | Category | Percentage (%) |
|--------------------|----------|----------------|
| Strongly agree     | Total    | ~35            |
|                    | Nonusers | ~45            |
| Disagree           | Total    | ~45            |
|                    | Nonusers | ~55            |

| Age Group | Total | Male | Female | Male | Female |
|-----------|-------|------|--------|------|--------|
| 18-24     | 22%   | 22%  | 22%    | 22%  | 22%    |
| 25-34     | 18%   | 18%  | 18%    | 18%  | 18%    |
| 35-44     | 15%   | 15%  | 15%    | 15%  | 15%    |
| 45-54     | 12%   | 12%  | 12%    | 12%  | 12%    |
| 55-64     | 10%   | 10%  | 10%    | 10%  | 10%    |
| 65+       | 5%    | 5%   | 5%     | 5%   | 5%     |

The diagram illustrates a hierarchical tree structure, likely representing a network or organizational chart. It consists of numerous nodes (small squares) connected by edges (lines). The structure is highly branched and complex, with many nodes and edges. The diagram is rendered in grayscale.

## Table 1

| Year | Country | GDP (USD)          |                    | Population (Millions) |       |

1. Introduction

The purpose of this document is to provide a comprehensive overview of the project's objectives, scope, and timeline. The project aims to develop a new software application that will streamline the workflow of our department. The scope of the project includes the design, development, testing, and deployment of the application. The timeline for the project is estimated to be 12 weeks.

The project is led by the Project Manager, who is responsible for the overall management and coordination of the project. The Project Manager will work closely with the team members to ensure that the project is completed on time and within budget.

The project will be managed using a project management software tool. The tool will allow the Project Manager to track the progress of the project, manage the budget, and communicate with the team members.

The project team consists of the Project Manager, a Software Developer, a Tester, and a User Representative. The Project Manager will be responsible for the overall management of the project. The Software Developer will be responsible for the design and development of the application. The Tester will be responsible for testing the application. The User Representative will be responsible for representing the users of the application.

The project will be completed by the end of the 12-week period. The project will be considered successful if the application is developed, tested, and deployed successfully, and if the users of the application are satisfied with the results.

The project will be managed using a project management software tool. The tool will allow the Project Manager to track the progress of the project, manage the budget, and communicate with the team members.

The project team consists of the Project Manager, a Software Developer, a Tester, and a User Representative. The Project Manager will be responsible for the overall management of the project. The Software Developer will be responsible for the design and development of the application. The Tester will be responsible for testing the application. The User Representative will be responsible for representing the users of the application.

The project will be completed by the end of the 12-week period. The project will be considered successful if the application is developed, tested, and deployed successfully, and if the users of the application are satisfied with the results.

## Table 1

| ID  | Name            | Description          | Status | Created    | Updated    | Owner           | Group       | Role      | Permissions          |
|-----|-----------------|----------------------|--------|------------|------------|-----------------|-------------|-----------|----------------------|
|     |                 |                      |        |            |            |                 |             |           |                      |
| 1   | John Doe        | Software Engineer    | Active | 2023-01-01 | 2023-01-01 | John Doe        | Engineering | Developer | Read, Write, Execute |
| 2   | Jane Smith      | Product Manager      | Active | 2023-01-01 | 2023-01-01 | Jane Smith      | Product     | Manager   | Read, Write, Execute |
